## PROFILE

I am a third-year Computer Science student with strong skills in Python, JavaScript, Django, and Flutter, complemented by a deep interest in assistive technology and digital solutions that enhance accessibility. Experienced in both freelance and organizational roles, with a proven ability to learn quickly, deliver results, and adapt to new challenges.

I excel in environments where independence is key, consistently delivering results without the need for constant supervision. My ability to stay focused, adapt to challenges, and maintain a positive attitude makes me a valuable asset to any team or project

## SKILLS

- Programming Languages: Python, JavaScript, Dart (Flutter), Java (Beginner)
- Frameworks/Tools: Django, Flutter, Git
- Data Analysis (Cisco course)
- Whiteboard Animation (Bunimedia)
- Digital Marketing Strategies
